

Fluorescein-Ubiquitin**Section 1. Product and supplier information****1.1. Identification**

Product name: Fluorescein-Ubiquitin

Product catalog number: T2201-100, T2201-1000

1.2. Recommended use and restrictions on use

Research Use Only. Not for clinical or human use.

1.3. Supplier

Ubiquitin-Proteasome Biotechnologies (UBPBio), LLC

17217 Waterview Pkwy, Suite 1.202

Tel: 1-800-218-0982

Fax: 1-800-682-6801

Email: info@ubpbio.com

Web: www.ubpbio.com

1.4. Emergency telephone number

Emergency number: 1-800-218-0982

SECTION 2: Hazard(s) identification**2.1. Classification of the substance or mixture****GHS-US classification**

Not a hazardous substance or mixture.

Based on currently available data this substance or mixture is not classifiable according to GHS.

2.2. GHS Label elements, including precautionary statements

The product does not need to be labeled in accordance with EC directives or respective national laws.

Material may be irritating to the mucous membranes and upper respiratory tract.

May be harmful by inhalation, ingestion, or skin absorption.

May cause eye, skin, or respiratory system irritation.

Collect spillage.

Disposal of contents and container to a waste management plant.

SECTION 3: Composition/Information on ingredients**3.1. Substances**

Product Name: Fluorescein-Ubiquitin

Molecular weight: ~9000 g/mol

3.2. Mixtures

Name Common Name (Synonyms) Product identifier % GHS-US classification

No GHS classification

SECTION 4: First-aid measures

Fluorescein-Ubiquitin**4.1. Description of first aid measures**

First-aid measures after inhalation:	Not expected to be an inhalation hazard under anticipated conditions of normal use of this material.
First-aid measures after skin contact:	Wash skin with plenty of water. Remove contaminated clothing. Get medical attention if symptoms occur.
First-aid measures after eye contact:	Hold eyelids apart and flush eyes with plenty of water. Have eyes examined and tested by medical professional.
First-aid measures after ingestion:	Wash out mouth with water provided person is conscious. Never give anything by mouth to an unconscious person. Get immediate medical attention.
Notes to Physician	Treat symptomatically.

SECTION 5: Fire-fighting measures**5.1. Suitable (and unsuitable) extinguishing media**

Suitable extinguishing media: Water spray. Dry powder. Foam. Carbon dioxide.

5.2. Specific hazards arising from the chemical

Fire hazard: No data available.

Reactivity: The product is non-reactive under normal conditions of use, storage and transport.

5.3. Special protective equipment and precautions for fire-fighters

Standard procedure for chemical fires.

SECTION 6: Accidental release measures**6.1. Personal precautions, protective equipment and emergency procedures****6.1.1. For non-emergency personnel**

Ensure adequate ventilation.

As conditions warrant, wear a NIOSH approved self-contained breathing apparatus, or respirator, and appropriate personal protection (rubber boots, safety goggles, and heavy rubber gloves).

6.1.2. For emergency responders

Protective equipment: Do not attempt to take action without suitable protective equipment.

6.2. Environmental precautions

No special environmental precautions required.

6.3. Methods and material for containment and cleaning up

Methods for cleaning up: Take up liquid spill into absorbent material.

SECTION 7: Handling and storage**7.1. Precautions for safe handling**

Precautions for safe handling: Ensure good ventilation. Wear personal protective equipment. Avoid breathing dust.

Hygiene measures: Do not eat, drink or smoke when using this product.

Fluorescein-Ubiquitin**7.2. Conditions for safe storage, including any incompatibilities**

Storage conditions: Keep container tightly closed. Keep at -80 °C for long-term storage.

7.3. Specific end uses

Research Use Only. Not for clinical or human use.

SECTION 8: Exposure controls/personal protection**8.1. Control parameters**

Contains no substances with occupational exposure limit values.

8.2. Appropriate engineering controls

Appropriate engineering controls: Ensure good ventilation.

Environmental exposure controls: No precautions required.

8.3. Individual protection measures/Personal protective equipment

Hand protection: Protective gloves

Eye protection: Safety glasses

Skin and body protection: Wear suitable protective clothing

Respiratory protection: In case of insufficient ventilation, wear suitable respiratory equipment

SECTION 9: Physical and chemical properties**9.1. Information on basic physical and chemical properties**

Physical state: Liquid

Odor: No data available

Odor threshold: No data available

pH: 7-8

Melting point: Not applicable

Freezing point: No data available

Boiling point: No data available

Flash point: No data available

Relative evaporation rate (butyl acetate=1): No data available

Flammability (solid, gas): Not applicable.

Vapor pressure: No data available

Relative vapor density at 20 °C: No data available

Relative density: No data available

Solubility: Solution in aqueous buffer up to 3 mg/ml.

Auto-ignition temperature: No data available

Decomposition temperature: No data available

Viscosity, kinematic: No data available

Viscosity, dynamic: No data available

Explosion limits: No data available

Explosive properties: No data available

Oxidizing properties: No data available

Fluorescein-Ubiquitin

SECTION 10: Stability and reactivity

10.1. Reactivity

The product is non-reactive under normal conditions of use, storage and transport.

10.2. Chemical stability

Stable under normal conditions.

10.3. Possibility of hazardous reactions

No dangerous reactions known under normal conditions of use.

10.4. Conditions to avoid

Heat.

10.5 Incompatible materials

No dangerous reactions known under normal conditions of use.

10.6 Hazardous decomposition products

No data available

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Acute Toxicity

No data available.

Skin corrosion/irritation

Classification criteria are not met based on available data

Serious eye damage/irritation

Classification criteria are not met based on available data

Respiratory or skin sensitization

Classification criteria are not met based on available data

Germ cell mutagenicity

Classification criteria are not met based on available data

Carcinogenicity

IARC: No component of this product present at a level equal to or greater than 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.

ACGIH: No component of this product present at a level equal to or greater than 0.1% is identified as a potential or confirmed carcinogen by ACGIH.

NTP: No component of this product present at a level equal to or greater than 0.1% is identified as an anticipated or confirmed carcinogen by NTP.

OSHA: No component of this product present at a level equal to or greater than 0.1% is identified as a potential or confirmed carcinogen by OSHA.

Reproductive toxicity

Classification criteria are not met based on available data

Specific target organ toxicity - single exposure

Fluorescein-Ubiquitin

Classification criteria are not met based on available data

Specific target organ toxicity - repeated exposure

Classification criteria are not met based on available data

Aspiration hazard

Classification criteria are not met based on available data

Symptoms / Routes of exposure

Inhalation: There may be irritation of the throat with a feeling of tightness in the chest.

Ingestion: There may be irritation of the throat.

Skin: There may be mild irritation at the site of contact.

Eyes: There may be irritation and redness.

Delayed / Immediate Effects: No known symptoms.

Additional Information

Exposure may cause irritation of eyes, mucous membranes, upper respiratory tract and skin.

To the best of our knowledge, the chemical, physical and toxicological properties have not been fully investigated.

SECTION 12: Ecological information**12.1. Toxicity**

Ecology - general: The product is not considered harmful to aquatic organisms or to cause long-term adverse effects in the environment.

12.2. Persistence and degradability

No data available on mobility of the substance.

12.3 Bioaccumulative potential

No data available.

12.4 Mobility in soil

No data available.

12.5 Results of PBT and vPvB assessment

Does not contain any substances that are assessed to be a PBT or a vPvB.

12.6 Other adverse effects

No data available.

SECTION 13: Disposal considerations**13.1. Disposal methods**

Waste treatment methods: Dispose substance in accordance with prevailing country, federal, state and local regulations.

SECTION 14: Transport information

Department of Transportation (DOT): Not regulated

TDG Transport by sea: Not regulated

Fluorescein-Ubiquitin

Air transport: Not regulated

SECTION 15: Regulatory information**SARA 302 components:**

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

SARA 313 components:

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

SARA 311/312 hazards:

No SARA Hazards.

Massachusetts Right to Know components:

No components are subject to the Massachusetts Right to Know Act.

Pennsylvania Right to Know components:

No components are subject to the Pennsylvania Right to Know Act.

New Jersey Right to Know components:

No components are subject to the New Jersey Right to Know Act.

California Prop. 65 components:

This product does not contain any Proposition 65 chemicals.

Section 16. Other information**Other Information about this product**

Not available
